

Renewable Energy Long Island

Clean Energy · Safe Environment · Healthy Planet

Monday, July 23, 2007

Dear Sponsor/Partner:

The largest public renewable energy education event in the world is coming to Long Island and we'd like you to offer you an opportunity to be a part of it!

Renewable energy sources and energy efficiency offer the greatest potential not only for diminishing the effects of climate change and global warming, but for economic development and growth for Long Islanders. This topic is in the news, on talk shows and websites worldwide.

Each year, Renewable Energy Long Island (RELI) partners with the Long Island Power Authority (LIPA) to host the National Solar Tour and Home Performance with ENERGY STAR Open House. Last year, we had 101 homes and businesses all over Long Island hosting 3,800 interested visitors as part of this Tour.

This year's Tour will be on Saturday, October 6th (Columbus Day weekend) from 10am to 4pm and we expect it to be an even bigger event.

This is a unique opportunity for exposure. As a sponsor of the National Solar Tour on Long Island and Solar Soiree, your organization will gain positive name association, inclusion in the Tour guidebook, online promotion and networking opportunities.

Enclosed is a response form detailing how you can become a sponsor of the Solar Tour and the Solar Soiree. Please complete and return it in the convenient pre-paid envelope provided.

Thank you for your consideration. We look forward to your support of this exciting day for Long Island.

Sincerely,

Gordian Raacke
Executive Director

P.S. To allow sufficient time for printing and distribution of the tour guidebook, please respond right away. **Ads must be received by Wednesday, August 8th to be included.**

RELI is a 501(c)3 not-for-profit membership organization promoting clean, sustainable energy use for Long Island.
